Some Traits about Naval Air Station Point Mugu

Located just an hour north of Los Angeles on California's beautiful coastline, Point Mugu Naval Air Station enjoys a mild climate - the average low temperature is 49 and high temperature is 70.7 degrees F ; the average rainfall is 13.60 inches per year- and relaxed surroundings all year long. You'll find miles of beautiful beaches, a thriving harbor in Oxnard and Ventura nextdoor filled with recreational and commercial boats, the feel of Old California in our historic downtown and Mission districts, and the wonderful sunny skies of Southern California!
